FOR CRITICALLY ILL CALVES

LastStand®

EMERGENCY RESPONSE FOR SEVERE SCOURS

Last Stand® with ImmWave® is a specifically formulated combination of proven technologies, including ImmWave, Encrypt®, targeted egg proteins, micro-encapsulated beneficial bacteria, Vitamin B complex, and Vitamin D_3. Given orally, all natural Last Stand with ImmWave targets harmful pathogens in the gut and helps enhance the immune system to jumpstart recovery. Use at the first signs of scours or when you need to help save a sick calf.

GUARANTEED ANALYSIS Total Microbial Count: 1.28×10^7 cfu/g
