

NutriCalf™

Colostrum Supplement For Newborn Calves

NutriCalf Supplement is an excellent addition to all qualities of colostrum designed to deliver highly digestible energy during the calf's first day of life. NutriCalf is also recommended for use after transport of young calves to combat the effects of stress and potential exposure to new pathogens.

Guaranteed Analysis

Total Microbial Count..... 4.08 x 10⁸ CFU per lb.
(*Bacillus subtilis*, *Enterococcus faecium*, *Lactobacillus acidophilus*, *Bifidobacterium longum*, *Bifidobacterium thermophilum*)
